Dear Mrs Hayday

I am writing to thank the Trustees for their two grants of £1,000 each to support "Music on Wheels" and our new transport fund to assist families with the costs incurred in travelling to and from the hospice. Both of these will provide valuable support for our families and the latter in particular, will allow us to extend the help we can provide.

Less than 30% of the money needed to run the children's hospice service comes from statutory sources such as Primary Care Trusts and the Department of Health. For more than 70% of our funding, we rely every day on the generosity of hundreds of supporters – individuals, community groups, businesses and charitable trusts – choosing to help us to benefit others less fortunate. Securing voluntary income is therefore absolutely essential to ensure that those needing our care can continue to benefit from our services.

From everyone involved at Keech Hospice Care, thank you once again for your generous support and for helping us to continue being there for everyone who needs us in this, our 21<sup>st</sup> birthday year.

Yours sincerely
