DEAR Mr. Hayday,

Thank you so much for your letter informing us of the Trustees decision to support our work with children disabled by spina bifida and hydrocephalus. The Trustees' donation of £500 has been safely received.

In these difficult financial times, the news that the Trustees have chosen to support us is a real boost to us all here at Shine, I would be grateful if you could pass on our sincere thanks to everyone involved in making the decision.

This gift will help Benny Bear and his team of Support and Development Workers to improve the quality of life for young children living with these challenging disabilities.

I appreciate the Trustees receive many, many requests from worthy causes and I will certainly update them in due course, just to let them know how effective their gift has been.

Thank you once again for your encouragement towards our work.

With warm wishes,

Jane Bishop
